

# SOUTHERN LIGHTS BY FLIGHT

Fly into the night to witness one of the world's most magical natural phenomena on this 10 hour flight with Aurora hunter and astrophysicist Dr Ian Griffin and a team of expert astronomers. Taking off onboard an Air New Zealand Dreamliner, we will take you high above the clouds and weather systems to see a magical and unforgettable display with uninterrupted views of the southern lights. Throughout the flights you will receive a full in flight catering service in both business and economy classes. Expert astronomers will provide information on route about how an aurora is created, as well as pointing out their favourite night sky objects. They will instruct you on how to photograph an aurora and we will have a photographer onboard to assist on how best to use your cameras.

From \$1,545pp\*
