Minimum 7 | Maximum 10

*"This adventure is designed for women. This tour takes in iconic sights but we also go rural to experience often missed, hardly visited areas. Most days also include a leisure walk or something active. No two days are the same and neither is the accommodation or dining options. Variety, comradery and fun included every day! No problem if you are single, solo, widowed, divorced or your friends/partner is not interested in travelling where you want to go? If you love the outdoors, exploring new places, leisure walks, beautiful landscapes, gardens, art, cuisine, shopping, you are the perfect fit for this tour!"*
